

## Arched Flush Pull - FP1349

### ARCHED

FP1349

1 3/4" x 9"

This classical arched design provides an elegant foundation for traditional hardware. The refined curves are highlighted by beveled edges.

### OPTIONS

The flush pull as seen above is shown in silicon bronze, dark patina. The hardware is designed to operate interior sliding doors, such as pocket doors and can be paired with a lift and slide function. Available in a wide variety of patina options.

Arched flush pulls are available in various sizes 9", 11" & 12 1/4" with varying depths and widths. Visit [www.rockymountainhardware.com](http://www.rockymountainhardware.com) to view more options.
